

Environmental Certificate

100% ORIGIN GUARANTEED, SUSTAINABLE NORDIC HYDROPOWER

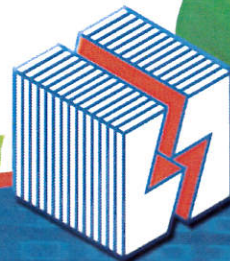

Värnamo Energi AB hereby certifies that
in 2019,

BUMAX AB

purchased a total volume of
1 249 428 kWh,
sustainable, origin guaranteed, renewable electricity,
produced in nordic hydropower plants.

This Environmental Certificate verifies:

- *that 100 % of the purchased renewable electricity was produced in sustainable nordic hydropower plants*
- *that the total volume of the purchased electricity was GoO-certified (GoO, Guarantees of origin, are the only precisely defined instruments evidencing the origin of electricity generated from renewable energy sources).*
- *that no emissions of carbon dioxide, sulfur dioxide or nitric oxide have occurred when the purchased electricity was produced.*
