

# POLICY

## Environment Policy

Bufab is a trading company that offers full-service solutions for sourcing, quality assurance and logistics for C-Parts. Bufab's customer offering aims to improve productivity in the customers' value chain for C-Parts, thus reducing their total costs and ensuring an end-to-end sustainable value chain. Bufab has a diversified customer base in many countries and sectors within the manufacturing industry.

Environmental sustainability is often an area too big for our customers to manage. C-parts are sourced in high quantity and high variability in suppliers. We help our customers by letting them focus on the A- and B-parts while we take the responsibility for the C-parts.

Our environmental policy shows the commitments of the Bufab Group to contribute to a sustainable society through our direct and indirect impacts, supported by our long-term sustainability efforts. We encourage other to match or exceed our efforts to improve their environmental performance.

### Goal

- Optimize our energy consumption and reduce our environmental influence in terms of waste and direct greenhouse gasses for example by using and promoting environmentally friendly technologies. We measure our scope 1 and scope 2 emissions throughout all operations so we can aim our improvement projects to where they have the most effective result.

#### Targets

- o By 2030, Bufab shall produce and/or procure 100% of its energy from renewable sources resulting in zero scope 1 and scope 2 emissions in 2030.
- o To achieve 90% material recycling rate (excluding hazardous waste) with 0% of waste going to landfill by 2030.
- o Reduce total waste 20% by 2030.

### Goal

- Incorporate ISO 14001 guidelines in our Bufab Best Practice. Creating a continuous improvement cycle for our environmental performance.

#### Target

- o Ensure that we provide all subsidiaries and employees with the tools, information and opportunities to support in our shared commitments and targets as stated in this environmental policy

### Goal

- Offer safe products, that do not contain harmful additives or alloys, to all of our customers.

#### Target

- o Comply with rules and legislations like the REACH legislations and the RoHS Directive.
